Dear Frau Livera,

Universitas Dhyana Pura (Undhira) as a thriving university in Bali, Indonesia with our motto “Morning of the World” is committed to internationalization and character education for all our students. Our core characters include diversity and global outlook. As such, we would like to extend our invitation for the “**Erde wie Himmel / Earth like Heaven**” project to perform and conduct workshops at our campus throughout the month of **October 2019**.

In our university, Wednesday mornings from 09.00 a.m. to 12.00 p.m. are dedicated as Character Wednesday, during which students are joining workshops, seminars, and other activities related to character education. Additionally, each October we have one week dedicated for Student Creativity, during which regular classes are not in session, but students come to campus to join various creative activities available, including our own “Undhira Wonderful Festival.” Hence, we invite you to perform and conduct workshops during these times. For any inquiry you may contact Ms. Christine Suyasa at the International Office (internationaloffice@undhirabali.ac.id).

Thank you for your kind attention and we look forward to having you in Undhira Bali.

Badung Bali, 8 July 2019
